We, the undersigned, having this day examined the accounts of the School Board and finding them correctly cast and supported by proper vouchers submit the foregoing report.

C. S. MILES, } Auditors of
CHARLES H. STEVENS, } Effingham.

Another very successful school year has passed, and taken as a whole the schools have been above those of preceeding years. The teachers were all experienced in the work of the school-room, and have done their best to make the schools pleasant and profitable. The attendance, with a few exceptions, has been nearly perfect, and the discipline has been good in all schools, and very marked in some.

We would suggest that the parents take more interest and visit the schools often to see how their children are progressing. This will encourage the scholars and in many ways it is a help to the teachers.

Parents endeavor to have your scholars attend school every day. The interest of the school is greatly effected, scholars getting into the habit of being tardy and missing a day or two at a time without a reasonable excuse. Let us all work together for the best good of the scholar, remembering that the children of the present time will be the future men and women.

Respectfully,

DANIEL C. GALE,
